

# Work From Anywhere

Sharp/NEC and Appspace collaborate to enhance workplace experiences

A single secure platform to unite the physical and digital workplace. So easy to use and interact with, through workplace displays and personal devices, empowering people to work from anywhere.

The integration of Appspace into Sharp/NEC Displays offers a trusted, high quality workplace solution with seamless reliability and globally available supply and support.

### The benefits of MultiSync®

#### Large Format Displays:

High quality manufacture for long life reliability, robust against the most demanding usage.

- Models for budget-conscious to mission-critical usage
- Sizes from 32 to 98-inch
- 4K UHD pixel-free viewing
- Landscape / portrait orientation
- NaviSet Administrator 2 remote management software
- Integrated computing: choose Intel®SDM, MPI4 Mediaplayer or Android SoC

### The benefits of Sharp/NEC

#### modular computing:

Customisable open, modular computing options seamlessly embedded into MultiSync® displays.

- Integrated computing options available for 43 to 98 inch displays
- Allows for maximum flexibility and scalability
- Minimised power consumption
- No additional cabling and power supply needed
- Sustainable solution
